EXPERIENCE

As the pioneers in America of extensive growing and careful studying of the herbaceous peony, we present this selected list of the best sorts from every hybridizer of note.

VARIETIES

Connoisseurs will notice from our painstaking comparisons that the varieties retained are only those of the highest standard of excellence.

STOCK AND LOW PRICES

Our stock is guaranteed true to description and we will **REPLACE WITH THREE** any that prove not true. We can make this **UNPARALLELED** guarantee because of the extreme care we have always used in growing our stock.

Our responsibility, coupled with our unique guarantee and large stock, make it possible to dispense with an expensive catalogue, thus reducing prices.

TWENTY-FIVE PER CENT DISCOUNT TO THE TRADE

Any order of \$100 or more will be construed by us as being a wholesale purchase, and therefore entitled to the 25% discount
TERMS: To new customers, cash with order or before shipment is made, or satisfactory reference

On orders of \$10.00 or more for Peonies only (not entitled to the trade discount) at the prices in this list, we will prepay carrying charges to your station if within 300 miles of Chicago, or on orders of \$25.00 or more, to any point in the United States.

No charge for packing.

MOVING—When dormant in the early fall, Peony and Iris roots can be shipped long distances and bloom well the following spring.

Any Peony or Iris is much surer to bloom, and will be twenty per cent stronger, if moved in September, so that new rootlets may form before freezing down. This gives a great advantage to home-grown stock over imported plants, which invariably come too late.

We will not supply less than six of one kind at the dozen rate or less than twenty-five of one kind at the hundred rate. No orders taken for less than six of one kind of Peony in divided roots.

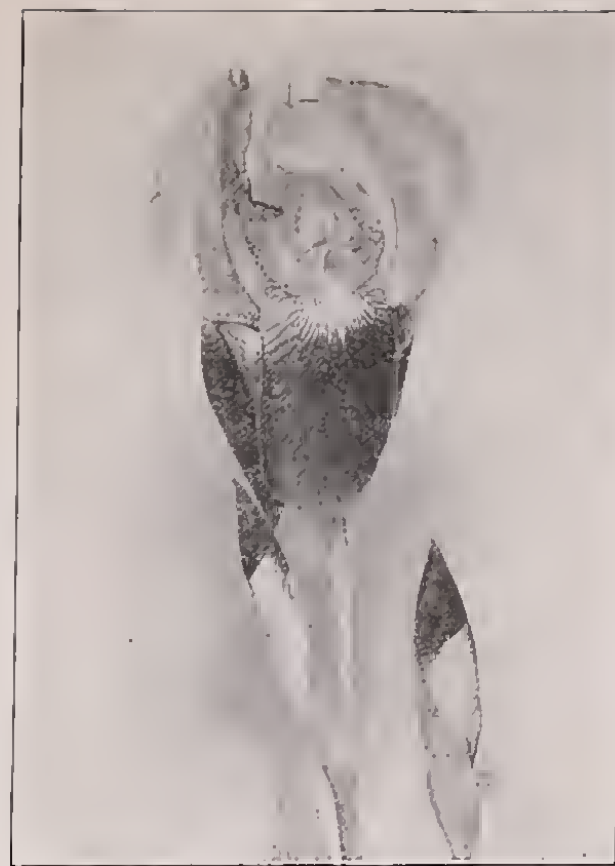

Offered subject to our surplus being unsold on receipt of order before September 15, 1917.

We begin filling orders early in September.

PLANTING—At 20% additional we will plant any order of \$5.00 or more if within driving distance of our nursery.

ISOLINE

IRIS

(FLEUR-DE-LIS)

NO OTHER FLOWER has so many combinations of color, especially of the delicate and unusual shades, and the name of Rainbow Flower is most fitting. They are absolutely hardy, as beautiful in form, texture and coloring as any orchid, and many are delightfully fragrant. They are not particular as to soil—and will grow where anything will, but do better in well-drained locations. The following list is selected after many years of systematic testing, similar to our Peony studies, and contains all the most desirable and distinct varieties, collected from England, France, Germany and elsewhere. We aim to have just as limited a list as will embrace all desirable varieties in shape, color, and combinations of colors, with as great a range of blooming period as possible. This list is arranged according to blooming, beginning about May 15th.

In the description, "S" indicates the erect petals or standards; "F" the drooping petals or falls. "Inches" means height of bloom.

A clump consists of from 3 to 5 tubers. Roots separated or not pulled apart, as desired. Will not sell less than 6 of one kind at dozen rate, or less than 25 of one kind at 100 rate. The prices per 100 and per dozen are for single roots. No charge for packing.

On orders for Iris only (not entitled to the trade discount), at the prices in this list, we will prepay carrying charges to your station if within 300 miles of Chicago, or on orders of \$10.00 or more to any point in the United States. Orders for Iris and Peonies together at the Peony rate. PLANTING—At 20% additional we will plant any order of \$5.00 or more within driving distance of our nursery.

NOTE—The number under each variety refers to this price table. Find the number of the variety, then the group in which it is listed.

LOHENGRIIN

Reddish Purple

READ OUR UNIQUE GUARANTEE

Kochi (germanica), 24 inches. S. & F. both of the deepest purple. Falls have translucent black coating. The buds are soot black. An absolutely indispensable sort, often sold under the name of Black Prince.

3

Kharpur (germanica), 30 inches. S. violet, F. velvety violet purple. Extra large bloom.

4

Archeveque (neglecta), 24 inches. S. stunning reddish purple, F. deepest velvety purple.

6

Caprice (pallida), 30 inches. S. & F. a delicate purple blending into a silky lavender at the base. A little lighter shade than that of the rare Edouard Michel.

5

Florence Wells (pallida), 30 inches. S. soft mauve, F. deeper mauve. A new English favorite. "Most fascinating color combination, notably free blooming."

8

Parc de Neuilly (pallida), 28 inches. S. & F. a navy blue of reddish tinge with an ever changing effect.

7

Monsignor (neglecta), 28 inches. The violet rays of the standards enliven the clerical velvety purple crimson of the falls, whose very dark veining add dignity to the whole. A most stately, massive and imposing variety. Totally distinct and most desirable. See cut.

6

Edouard Michel (pallida), 32 inches. S. & F. unusual shade of rich reddish purple. Stock very limited.

10

Orientalis (sibirica), 30 inches. S. & F. intense deep blue with narrow foliage. Very suitable for an uncultivated effect.

1

Black Prince (neglecta), 24 inches. Last to bloom. S. soft lilac purple, F. a velvety purple of the richest conceivable hue.

10

Blue Violet

Germanica (type), 32 inches. S. violet blue, F. royal purple, large and fragrant. First of the tall growing varieties to bloom.

2

Walhalla (interregna), 24 inches. S. light violet, F. dark purple, very showy, large flowers.

3

Amas or Maerantha (germanica), 28 inches. S. violet, F. gorgeous purple, enormous blooms.

4

Gertrude (pallida), 34 inches. S. & F. same shade, rare violet blue. Unexcelled for house decoration where a clear uniform shade is desired. Peterson variety.

4

Blue Boy (germanica), 28 inches. S. violet, F. deep purple violet midway between Kochi and Gertrude, possibly better classified with the purples if not named Blue Boy by the English producer. Has a blue beard. Scarce.

8

Perfection (neglecta), 30 inches. S. fresh lavender, flecked with deeper shade, F. rich velvety lavender, dark reflections. A most pleasing and highly attractive combination, very well named. Has more blossoms on one stalk than any other sort.

4

Penge (pallida X cengialti), 30 inches. S. light bluish violet, F. violet purple, very free. A new "Foster hybrid."

9

Tamerlan (germanica), 30 inches. S. violet blue, F. deeper shade, new and very striking.

10

Oriflamme (germanica), 30 inches. S. bright blue, F. broad and long dark purple. Absolutely the largest bloom in the whole collection.

10

Violaeca Grandiflora (pallida), 32 inches. S. & F. fresh clear violet.

7

Pink Violet

Dorothee (germanica), 20 inches. S. & F. a robin's egg blue blending to deep heliotrope. This spring when many of the delicate shaded early-blooming sorts were shy bloomers this was very free. Much like a double Japanese Iris.

4

Mrs. Alan Gray (pallida), 18 inches. S. & F. pale pink. Like Dalmatica but decidedly earlier.

7

Lohengrin (pallida), 33 inches. S. & F. soft silvery mauve, shading nearly to white at the claw. A tall, strong grower, with wide leaves. Undoubtedly the most desirable of all the pallidas. See cut.

5

Her Majesty (pallida), 30 inches. S. pinkish violet tourmaline, F. deeper shade heavily veined. A very sturdy sort. The most pink variety in the collection.

2

Isoline (squalens), 36 inches. The Imperial Mandarin. S. silvery lilac 3 inches long, surmounting an apron of 3/4 inch mauve falls, making a very striking combination that is most beautiful, artistic and unique. See cut.

8

Dalmatica (pallida), 44 inches. S. & F. delicate lavender with pink reflections. The tallest variety.

5

Queen Alexandra (squalens), 30 inches. S. lavender, F. pale purple, very self reliant in attitude. A real queen. One of Peter Barr's choicest sorts. Unusual and scarce.

3

Kathleen (pallida), 28 inches. S. & F. soft self rose lilac, one of Barr's novelties.

8

Bronze

KEY

Read down columns for all of same color.

The number under each variety refers to the group in which price can be found.

Prosper Laugier (squalens), 30 inches. S. fiery bronze, F. velvety ruby purple, like a Pansy bloom. This new "bronze" variety outclasses them all in being a clear well defined striking combination in a complete harmony of correctly blended colors. The hardest and freest blooming sort of this whole list.

5

Eldorado (squalens), 32 inches. S. antique bronze, F. old gold silhouetted with burnt purple. Possessing a totally distinctive harmony of subdued hues and perfect blending unknown in any other iris.

7

Madame Blanche Pion (squalens), 28 inches. S. pale bronze yellow shot with lavender, F. violet purple. Offered for the first time by us. Introduced by Wallace of England.

9

Iris Koenig (squalens), 24 inches. S. lemon, F. maroon edged yellow. See cut.

6

Alcazar (squalens), 36 inches. S. violet with bronze reflections, F. rich ruby slightly veined. A genuine Spanish grandee of the flowery kingdom.

9

Shushan (Paradoxa-Iberica X variegata), 16 inches. S. purplish gray, F. deepest crimson maroon, becoming almost black at the haft. Yellow beard, "style arms bright bronze shining like a gold roof."

9

Yellow

Queen Flavia (interregna), 24 inches. S. & F. primrose yellow, very large.

6

Mrs. Neubronner (variegata), 28 inches. S. & F. rich, clear golden yellow, best solid yellow. Like giant daffodils. Richest gold.

3

Darius (variegata), 26 inches. S. lemon yellow, F. amethyst with deep veining and yellow margin. One of the older varieties that no new sort has been able to supplant.

3

Loreley (variegata), 30 inches. S. breast of a wild canary, F. creamy white with purple reticulations blending into a velvety purple mass near the ends which are margined with deep canary. The best of this type and most prolific.

2

Miss E. Eardley (variegata), 24 inches. S. clear golden yellow, F. rich madder red with yellow edge. A new English variety.

8

Foster's Yellow (variegata), 28 inches. S. & F. "a creamy yellow seedling intermediate in color between the cream of flavescens and the yellow of germanica aurea."—Wallace.

9

SNOW QUEEN

White

Ingeborg (interregna), 17 inches. S. & F. both snowy white.

4

Florentina (species), 26 inches. S. & F. pearly white, source of orris root perfume, quite fragrant.

1

Miss Willmott (pallida), 24 inches. S. pale blue white, F. pale blue white washed with yellow, large flower, free bloomer. Sometimes incorrectly called "Kashmir White."

8

Mrs. H. Darwin (amoena), 28 inches. S. & F. satin white with a little purple reticulation at the claw. One of the best of this class.

2

Fairy (plicata), 36 inches. S. & F. resemble sun kissed snow outlined by the faint azure of the sky. The crests of the stigmas are a most delicate lake-blue with an abundant though delicate perfume suggestive of the wild wood nymph. The tallest white.

3

Rhein Nixe (amoena), 36 inches. S. pure white, F. raspberry purple edged white. A most vigorous grower, always dependable. The only one of the white standards and purple falls worthy of being kept in our selected list. As it originated on the banks of the Rhine, its jaunty air may have suggested its name.

5

COLLECTION No. 2

One strong blooming clump each of all varieties in groups 1, 2, 3, 4 and 5 being 25 varieties amounting to \$14.02

for \$10.00

Snow Queen (sibirica orientalis), 30 inches. S. & F. large snowy white. New. Narrow foliage. The flowers are much larger than those of the type. Last white to bloom. See cut.

1

Frilled

COLLECTION No. 1

One clump each of all varieties in groups Nos. 1, 2, 3 and 2 from 4, being 16 varieties, amounting to \$6.42

for \$5.00

Madame Chereau (plicata), 42 inches. S. & F. clear white with distinct frilled lavender edge. Many new frilled varieties continue to be introduced, but this one continues unsurpassed.

1

Parisiana (plicata), 28 inches. S. lavender pink mottled all over, F. creamy white center very heavily bordered with lavender pink. A most striking and unusual but highly pleasing effect.

7

Mercedes (plicata), 30 inches. S. & F. white ground heavily frilled with a golden brown. A recent French introduction of superior merit.

10

The three frilled varieties we limit our list to have been culled from twenty different sorts as each is distinct in its class and required in a representative collection.

COLLECTION No. 3

One strong blooming clump each of all varieties in groups 1, 2, 3, 4, 5 and 6 and 1 single root of each in groups 7 and 8 being 40 varieties, amounting to \$25.92

for \$20.00
